

The Hebrew University Center for Nanoscience and Nanotechnology
cordially invites you to participate in

UNRAVELING NEW HORIZONS IN NANO MATERIALS AT THE ATOMIC SCALE

A Special seminar and workshop in announcing the launch
of our new state-of-the-art analytical instruments:

Helios FIB

Themis S/TEM

JANUARY 21-22 • 2019

Rothberg Auditorium (A300) • Safra Campus (Givat Ram) • Jerusalem
Admission is free upon registration • [Click here to register](#)

GUEST SPEAKERS

Prof. Knut Urban

RWTH and Helmholtz Research Center
Jülich, Germany

Prof. Ute Kaiser

Ulm University, Germany

Company Specialist

ThermoFisher Scientific

SPEAKERS FROM THE HEBREW UNIVERSITY OF JERUSALEM

Dr. Nir Bar Gill

The Department of Applied Physics
The Racah Institute of Physics

Dr. Elad Gross

The Institute of Chemistry

Prof. Lioz Etgar

The Institute of Chemistry

Dr. Yinon Ashkenazy

The Racah Institute of Physics
